☎ +91 9876996571 ✉ rky71992@gmail.com 📍 Gurugram, India in Rohit 📄 Online-CV

## Profile

Experienced Software Engineer specializing in Backend development with a track record of 3+ years in the dynamic fields of Fintech, EdTech, and Media Broadcasting. Adept at crafting robust and scalable solutions, my expertise extends across coding, security, and proficient project management.

## Professional Experience

**Nimbbl**, *Senior Software Engineer* 📄 Aug 2022 - Nov 2023 | Gurugram

- Spearheaded the seamless integration of diverse Payment Service Provider (PSP) workflows, emphasizing scalability for enhanced system performance.
- Managed and implemented Odoo ERP features, developing GraphQL queries for comprehensive Dashboard Endpoints dedicated to data and analytics.
- Introduction and creation of OpenAPI Specification documentation for the entire project, hosted at Nimbbl Docs providing clarity and accessibility. Integrated crucial security features to safeguard confidentiality following PCI guidelines.

**Webcraft IT**, *Software Engineer ML/AI* 📄 Aug 2021 - Dec 2021 | Remote

- Led as Release Manager, overseeing project deployment, and ensuring smooth workflows.
- Developed APIs from the ground up for Open Source and 3rd Party OCR models. Additionally, integrated services for duplicate question detection and long-answer evaluation models, enhancing overall project functionality.

**Karthavya Technologies**, *Software Developer* 📄 Feb 2018 - Jul 2019 | Bangalore

- Proficiently developed and integrated REST APIs in Python using Flask & Bottle across various products, automating deployments and tasks.
- Demonstrated expertise in working with MySQL and MongoDB databases, and executed seamless OAuth and LDAP integrations. Additionally, crafted a C++ Qt framework-based image editor and subtitle adder for frontend applications.

## Skills

Python, C++, PostgreSQL, MongoDB, Redis, Tornado, Flask, REST APIs, GraphQL, Docker, Linux, Shell Scripting, Information Security, Project Management

## Education

**MTech - Machine Learning and AI**, Aug 2019 - Aug 2021 | Jalandhar  
*Lovely Professional University* 📄

**BTech - Computer Science and Engineering**, Aug 2013 - Jun 2017 | Jalandhar  
*Lovely Professional University* 📄
